

SCSD2 ELEMENTARY TECHNOLOGY AGREEMENT

SCSD2 Elementary students access technology for a variety of educational purposes. The complete SCSD2 Elementary School Responsible Technology Use Policy can be found on our school web site (www.scsd2.k12.in.us.)

I understand that my child has received Responsible Technology Use Training prior to receiving an iPad.

My signed consent below signifies that I understand these things:

- 1) The complete Responsible Technology Use policy is on our school web site.
- 2) My child will be assigned an iPad that will be used as the portal to classroom content and assignments. My child will also have access to Macbook Air laptops in the classroom.
- 3) My child will be responsible to care for the iPad 24/7. This means that we will arrange a safe and secure location for nightly charging and that the iPad will come to school each day.
- 4) The iPad will be returned to school at all required turn-in times and within 24 hours of any mid-year withdrawal. Failure to return the iPad will result in financial liability and/or legal action.
- 5) I will be financially liable for any iPad damage caused by inappropriate use.
- 6) My child's iPad will be monitored by the SCSD2 filtering system 24/7 and any inappropriate home use will result in disciplinary action.
- 7) My child is not to interfere with the operation of the corporation network.
- 8) My child's passwords are private.
- 9) My child is not to use the corporation network to participate in social web sites, personal emails, or internet commerce outside of the assigned academic activity on My Big Campus or other teacher-directed sites.
- 10) My child is not to use the corporation network to harass or bully others.
- 11) Violations to the Responsible Technology Use Agreement may result in temporary or permanent loss of network privileges, school discipline, and/or financial liability for damages.
